Commissioners

Redistricting Commission

City of San Diego

1010 Second Avenue

Suite 1060

San Diego, CA 92101

Dear Commissioners,

On behalf of the Mira Mesa Town Council, I thank you for your time, patience, and dedication over the last six months.

Today you will begin the process of developing a preliminary redistricting plan for the city of San Diego. Your task is made more complex by the requirement that you determine the boundaries for nine districts instead of merely adjusting the boundaries for the existing eight. There are many guidelines and regulations governing your task, related to numerical population and geographic compactness. If these numeric and geographic concerns were the only ones that need be taken under consideration, your task would be a far easier one.

In addition to these statistical guidelines, you must consider the communities affected by your decisions. In San Diego, the Community Planning Area is the unit upon which many processes important to the growth and development of our city are based. These CPAs develop comprehensive plans for land use, zoning, and public facilities that involve and affect the entire community. CPAs are also involved in the funding of community-wide projects, through such methods as Public Facilities Financing plans, Facilities Benefit Assessments and Maintenance Assessment Districts.

To divide a Community Planning Area between two or more council districts risks disrupting that community's carefully developed comprehensive plans and goals. We ask that this commission make preservation of Community Planning Areas one of its guiding principles in the development of our redistricting plan.

Thank you again for accepting this difficult task, and for serving our community in your capacity as Commissioners.

Bari Vaz

Chairman

Mira Mesa Town Council Redistricting Committee

Mira Mesa Town Council

CPA Redistricting Map
